## **Buying at Bonhams**

**Buying at auction should be straightforward and enjoyable.  
Bonhams staff are there to make sure that it is for you.**

### **Sale Dates**

A list of forthcoming sales is available at Bonhams. Each catalogue contains the date of the next sale in the category. Sales are also advertised in the *Antiques Trade Gazette* published weekly.

### **Catalogues**

Catalogues for forthcoming sales are available at Bonhams or by subscription. Subscriptions save money. Forms are available from Reception or by post from the Customer Service

### **Viewing**

Sales are on view at least two days beforehand. Times are given on page 1. Estimates are printed in the catalogues with each description, and our staff are always happy to offer advice.

Please check any saleroom notices, as these supersede catalogue descriptions.

### **Starting Times and Bidding**

Please check the sale starting time and any withdrawals, as these will effect the time your lots come up.

Auction speeds generally vary between about 80 lots to 120 lots to the hour, but please check with the department. Bidding steps are generally in increments of about 10 per cent. Please indicate clearly that you are bidding by raising a catalogue or a hand.

### **Absentee Bids**

If you are not able to attend the sale Bonhams will bid on your behalf. You should fill in the Commission Bidding Form available in the sale rooms and leave it with our reception desk. We will guarantee to buy the lot for you as cheaply as possible, other bids and owners' reserves allowing. This service is offered without charge, but neither Bonhams nor its employees nor agents shall be liable to either the buyer or the seller for any neglect or default in so doing or for failure to do so.

### **Payment and Collection**

Buyers should read the Notices for Buyers. When you have made a successful bid and have given your name and address, an invoice will be prepared. Collection and payment are often possible during the sale but we cannot guarantee this. Payment by Visa and Access cards is accepted. After you have made your payment you should take your Collection Slip to the Collection Counter (or give it to the porter if during the sale). Limited packing facilities are available, but professional packer can be instructed directly from Bonhams.

In order to avoid delay in clearing purchases, buyers who are unknown to us are advised to make arrangements, before the sale, for payment or for references to be supplied. If such arrangements are not made, cheques will be cleared before purchases are made available for collection. Buyers are reminded that Bonhams reserve the right to charge interest on all lots which have not been cleared five working days following the sale, together with warehousing at the rate of £1 (plus VAT) per day until clearance.

### **Carriage and Shipping**

Bonhams will be pleased to arrange for the package and shipping, at the buyer's expense, of larger lots or consignments. Quotations can be obtained from the Collection Department.

### **Conditions of Sale**

Please make sure you have read the Conditions of Sale displayed in the Saleroom or available on request from Bonhams.

**Thank you for bidding at Bonhams.**

**Surrey Romania Aid**

In March 1992, Surrey Romania Aid sent a paediatric physiotherapist and a nurse to train staff at an orphanage at Babadag, caring for children up to the age of four.

In Romania, children are assessed and graded at three years old to decide whether they are normal or mentally handicapped. Many children are wrongly diagnosed as mentally handicapped, perhaps due to some physical handicap or abnormal behaviour due to a lack of stimulation and activity in their young lives. It's a life sentence; there is no remission.

With your help today in this section of the sale, Surrey Romania Aid will be able to pay their workers in Romania and will continue to fight for these forgotten children.
